THE MOST VALUABLE INDIAN AND TROPICAL REMEDY KNOWN.

FREEMAN'S

ORIGINAL

Is allowed to be the greatest medical discovery of the present century, and its introduction into India has

CHLORODYNE

been regarded, both by Europeans and Natives, as the safest & most successful remedy known

For the Treatment and Cure of the following Indian Diseases :—

Diarrhœa, Ague, Dysentery (both Acute and Camp), Ardent and Dengue Fever, Cramp, Colic, Gout, Neuralgia, Paroxysmal and Continuous Fever, Rheumatism, Wind-Stroke, Sorethroat, Influenza, and Asiatic or Malignant Cholera.

FREEMAN'S CHLORODYNE is a SPECIAL and SPECIFIC Remedy for the above Indian Maladies, if taken immediately and according to the clear and explicit directions which are wrapped round every bottle. MR. FREEMAN, the Inventor, is glad to find that Anglo-Indians are becoming more alive to the fact that the theory of acclimatization has received a somewhat different interpretation since the introduction of his Chlorodyne into India in 1850.

DIARRHŒA.—For the treatment and cure of this very prevalent malady in India, it rarely, if ever, fails.

DYSENTERY.—So common in all seasons of the year, and in every part of India—affecting Europeans and Natives, old and young alike, FREEMAN'S CHLORODYNE, IF TAKEN IN ITS EARLIEST STAGE, rapidly checks the disease, and in the more acute and chronic cases will, if persevered with, effect a cure.

ASIATIC or MALIGNANT CHOLERA.—In all stages of this epidemic malady, recent investigations by the most eminent Scientists and Medical Men in all countries, prove FREEMAN'S CHLORODYNE to be the *only* known Specific. A separate paper, specially drawn up by an Indian Army Surgeon, accompanies every bottle from the smallest size to the largest of Tea-planter's bottles, which contain a pint and are proportionally cheaper.

CHILDREN'S DISEASES in INDIA.—FREEMAN'S CHLORODYNE will be found a valuable medicine for Children, and a proper SCALE of Infantile Doses is given with each bottle.

It rapidly relieves pain from whatever cause, allays the irritation of Fever, soothes and strengthens the system under exhaustive diseases, restores the deranged function, stimulates healthy action of the secretions of the body, gives quiet and refreshing sleep, and marvellously prolongs life. It may be taken by old and young at all hours and times.

SPECIMEN TESTIMONIAL

From Monsieur BARTHELEMY BONJOUR, *Delegate of the Society for the Relief of the Wounded, Decorated with the Cross of the Convention of Geneva.*

"Le Caillon press Meung sur Loire, France, *June* 18, 1873.

"I hereby attest that the Chlorodyne manufactured by RICHARD FREEMAN, Pharmacist of London, is the best remedy against **Cholera and Dysentery**, and further affirm, as Director of the Anglo-American Ambulances and of French Prisoners, during the War from 1870 to 1871, that a large number of those under my care were attacked with **Dysentery**, and that by means of his **Chlorodyne** they were in a few days perfectly cured.

"(Signed) BONJOUR BARTHELEMY."

MANUFACTURED BY THE SOLE INVENTOR, RICHARD FREEMAN, PHARMACIST, 70, KENSINGTON PARK ROAD, LONDON, S.E.

Sold in Bottles at 12 Annas, Re. 1-8, Rs. 2-8, Rs. 6, and Rs. 10.

Sold by Chemists and Patent Medicine Dealers in all parts of the World.

Testimonials from the most eminent medical men accompany each bottle.

Anglo-Indian and Native Purchasers are cautioned not to have palmed upon them any substitute. There are other articles bearing the name of Chlorodyne, but quite devoid of its wonderful effects. See that the Trade-mark, "The Elephant or Hathi," is on the wrapper, &c., and that the words **Freeman's Original Chlorodyne** are engraved on the Government Stamp, which is the ONLY TRUE CHLORODYNE.

MAY BE HAD OF ALL CHEMISTS AND DRUGGISTS.

Full Directions in Thirteen Original Languages accompany Each Bottle.

LOCKE, LANCASTER
AND
W. W. & R. JOHNSON & SONS,
LIMITED,

Brand.

94, Gracechurch Street, LONDON.

Tea Lead Rolling Mills, Millwall, London.

Brand.

ESTABLISHED 1789.

ORIGINATORS OF THE
INCORRODIBLE TEA LEAD,

Proprietors of the "W. W. & R. Johnson & Sons'" Brand.

AWARDED THE ONLY MEDAL FOR TEA LEAD

AT THE CALCUTTA EXHIBITION, 1884.

MEDAL,	Exhibition, London,	1862.
GOLD MEDAL,	Exhibition, New Zealand,	1882, for WHITE LEAD.
FIRST MEDAL,	Exhibition, Calcutta,	1884, for WHITE AND RED LEAD.
ONLY MEDAL,	Exhibition, Calcutta,	1884, for TEA LEAD.

W. W. & R. Johnson & Sons' Brand of Tea Lead is not only coated with special preparation of Tin, but is also an amalgamation so prepared as to render the whole of the Metal non-corrodible, and is consequently not liable to the risks incidental to Lead merely coated with a thin film of Tin.

The process of manufacture, namely,—the casting, rolling and cutting, &c.,—is effected by machinery specially designed and patented by them, thereby ensuring perfect uniformity in substance and size of Sheets.

The Tea Lead is carefully packed in cases, the Zinc linings being so designed that only one joint is made at the top of the case, thereby diminishing the risk of injury to the Sheets of Tea Lead.

Locke, Lancaster, and W. W. & R. Johnson & Sons' (Ld.) attention has been called to the recent question relating to the action of the Acid generated by moisture in the wood used for Tea Chests or otherwise—it is well known that moisture of any sort damages the Tea, also that all woods contain or will absorb moisture, hence the necessity of having a perfectly air-tight Lead lining, which will resist the effect of this influence. The special amalgamated Incorrodible Lead, when properly and carefully soldered, will do this and insure the contents of each Tea Chest (under fair conditions) arriving to market sound and ired in quality.

LOCKE, LANCASTER, and W. W. & R. JOHNSON & SONS (LD.) supply all requisites for Tea Gardens, such as Hoop Iron, Solder, Solder Fluid, Resin, Nails, Hoes, Shovels, &c., &c.

"LALIMLI"

IS THE TRADE-MARK OF THE

Cawnpore Woollen Mills Co.,

LIMITED,

for their Manufactures, the purest of pure wool.

IT signifies that when you ask for it by name you can rest assured you are getting worth and value for money.

There is nothing more essential to health than good clothing, and the difference between a "Lalimli" all-wool garment and one of "shoddy" or any admixture of wool and cotton is made apparent by the soft, comfortable feel of the former, as compared with the hard, dull and unkindly feel of the latter.

Whatever you require which is made of pure wool only, the durable, pleasing, healthy "Lalimli" kind, let us know, as we supply

Anything made of wool,
Everything made of wool.

The special features about QUIRK, BARTON & Co.'s Tea Lead are that it is exceedingly close in grain and tough in quality, thereby rendering it non-liable to holes. The metal is of uniform thickness per square foot throughout, and retains its silvery appearance in any climate.

QUIRK, BARTON & Co.'s Tea Lead is not only coated with a special preparation, but is also an amalgamation, so prepared as to render whole of the metal non-corrodible and innocuous.

QUIRK, BARTON & Co.'s specially prepared Tea Lead insures the contents of each Tea Chest (under fair conditions) arriving on the market sound and unimpaired in quality.

BOVRIL STRENGTHENS

Every part of the body, and helps to build up a sound constitution capable of resisting all weathers and many diseases. Bovril is carefully prepared from the finest beef. It keeps well everywhere, and is as valuable in the Hoogli as in the Himalayas.

In over 1,500 Hospitals in Great Britain Bovril is daily used in preference to Beef Tea and ordinary meat extracts.
